Total Credits

MATH 1350G Introduction to Statistics is recommended for the degree but students may need to take any prerequisites needed to enter MATH 1350G first.

2

1

See the General Education section of the catalog for a full list of courses. 3

Elective credit may vary based on prerequisites, dual credit, AP credit, and/or certificate coursework. The amount indicated in the requirements list is the amount needed to bring the total to 60 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

A Suggested Plan of Study

Additional classes may be needed based on placement test results and course prerequisites. Visit with an advisor for help with creating a customized plan.
